

Year 3

This week Year 3 had a different type of Starter Activity on Friday. When the children arrived into the classroom there were different activities on their tables. Most of the activities were for partner work and involved a variety of practical puzzles and games designed to develop different parts of their brains. They all had a great time and can't wait to try another activity next week.

Below are some photos of the various tasks.

Noughts and Crosses

Magnetic Building

Chinese Tangrams

Irregular Wooden Puzzles

Tumbling Towers
