

OSC 2016-2017

In Out of School Club this year we have been so busy! We have baked and bounced; crafted and cooked; danced and drawn; laughed and learned; made new friends and old friends; persevered and perspired all while having an exceptionally fun time! We have been lucky to visit a few different places, with one of our favourite trips being trampolining. We love spending time in OSC because we are all friends. The staff have had a brilliantly tiring year but the children have had a blast! We have tried new foods, new sports and gained new skills. We have been mathematicians, authors, scientists and detectives. We've played indoors and outdoors - the Top Yard is our particular favourite place to go!

If you'd like to know more check our our blog!

Have a lovely holiday, see you in September! OSC xx
