

Year 3 Key Vocabulary: Abacus

Term	Place value	Addition and subtraction	Multiplication and division	Shape and measure	Fractions, decimals, percentages
Autumn 1	Number bonds, number facts, zero, bonds to 100, matching, half-way, hundreds, landmarked line, less than, more than, nearest 10, number line, 2-digit number, 3-digit number, greater than, largest, place value, smallest, rounding	Number bonds, number facts bonds to 100, multiples, 1-digit, doubling, even, near double, odd, 2-digit, method, ones, patterns, tens, system, calculate, calculation, multiple of 10, next 10, number facts, 3-digit number, 4-digit number Addition: add Subtraction: subtract, difference	Number sentence, even, odd, place-value, teens number Multiplication: multiple, multiple of 2/4/5/10/100, multiple of 10, multiple of 100, multiplication fact double, doubling Division: division fact, 1/2, half halve	Shape: cone, cube, cuboid, cylinder, edge, face, hemisphere, property, sets, sphere, square-based pyramid, surface, triangular prism, triangular-based pyramid, universal set, Venn diagram, vertex, vertices, hexagonal-based pyramid Measure: calendar, date, day, fortnight, leap year, month, week, year, 1/4, 1/2, analogue, digital, half past, o'clock, quarter, quarter past, quarter to, three quarters, am, pm, midday, midnight, minutes past, minutes to, Roman numerals	
Autumn 2	2-digit number, landmark numbers, multiples of 10, multiples of 100, number line, 3-digit numbers, multiples of 10, multiples of 100, rounding	2-digit number, 3-digit number, bonds to 10, bonds to 100, number bonds, 1-digit number, 2-digit number, ones, tens, nearest 10, partitioning, calculation, word problem Addition: counting up Subtraction: counting back, counting on, difference	Partition, place-value Multiplication: double, multiplying, multiple of 10, array, multiplication, multiplication fact, multiply, times-table, multiple Division: half, halving, divide, division, division fact, remainder	Measure: Coins, fewest, pence, pounds, place value, centimetre, height, length, measure, measurement, metre, metre rule, millimetre, ruler, tape measure, estimate, capacity, litre, measure, millilitre, half, quarter	Fractions: eighth, equal, fraction, half, quarter, sixth, third, three-quarters

Spring 1	<p>Hundreds, tens, ones, place-value, number line, digit, place-holder, worth, inequality, between, biggest, smallest, balance, greater than, less than, higher, lower, divide, zero, sequence, pattern, 3-digit, landmarks, halfway, quarter, three quarters, close, rounding, round up, round down</p>	<p>Digit, tens, hundreds, ones, place value, partition, jotting pounds, pence, price</p> <p>Addition: add, total, counting up Subtraction: count back, subtract, difference, change</p>	<p>Venn diagram, set, compare, relationship, pattern, rule, equal</p> <p>Multiplication: multiple times-table, double, multiply Division: divide, halve, quarter</p>	<p>Shape: regular, irregular, triangle, square, rectangle, pentagon, hexagon, octagon, circle, semi-circle, equilateral, quadrilateral, polygon Measure: angle, right angle, degrees, corner, arc, protractor, turn, perimeter, length, rectangle, quadrilateral, polygon, centimetre, millimetre, metre, kilometre, distance, border, edge, opposite</p>	<p>Fractions: numerator, denominator, half, quarter, third, sixth, eighth, tenth, equal, equivalent, ninth, tenth, fraction sentence</p>
Spring 2	<p>Partition, hundreds, tens, ones, predict, digit</p>	<p>Hundreds, tens, ones, total, digit, partition, rule, place-value, number facts, bonds, doubles, split, round, exchange, palindrome, symmetrical, pattern, relationship, calculation smallest, largest, in-between, larger, smaller, method</p> <p>Addition: column addition, add, mental addition Subtraction: subtract, count on difference count on count back</p>	<p>Digit, largest, biggest, smallest, more than, less than, problem, calculation, partition, double, altogether, inverse, calculation</p> <p>Multiplication: double, multiply, grid method, product, array, times-table Division: half, divide</p>	<p>Measure: o'clock, past, to, digital, analogue, hour, minute, clock, hands, minutes, seconds, stopwatch, how long, faster, slower, longest, shortest, earlier, later, finish, programme</p>	
Summer 1		<p>Digit, number fact, number bond, hundreds, tens, ones, partition, method, estimate, rounding, approximate, place-value</p> <p>Addition: add, expanded column addition, compact column addition, mental addition, column addition Subtraction: subtract, count on</p>	<p>Function, input, output, inverse, place-value, calculation, tens, ones, smaller, bigger, value, partition, calculation, more, less calculation, more than, rounding, estimate, approximate</p> <p>Multiplication: multiply, times, multiple, double, times-table, lots of, multiplied, commutative, grid method, product Division: divide, divided, remainder, left over</p>	<p>Measure: height, weight, metres, kilogram pictogram, symbol, results, tally, total, how many, more, fewer, pictogram, bar chart, scale, represent, fewer, more, mass, gram, balance, heavy, light, heavier, lighter, scale, less than, more than, bar chart, heaviest, lightest, weigh, grams, chart</p>	<p>Fractions: numerator, denominator, half, quarter, fifth, sixth, more, less, largest, smallest, compare</p>

Summer 2		<p>Partitioning, tens, ones, estimate, near double, double, number bonds, larger, smaller, number facts, problem, calculation, compact, expanded, calculate, bonds, estimate, rounding, solve, method, mental method, round, adjust</p> <p>Addition: add, column addition, mental addition, count up, total, altogether, array</p> <p>Subtraction: subtract, count on, change, Frog subtraction, difference, less</p>	<p>Estimate, rounding, larger, smaller, before, after, approximate, multiplication, bigger, total, product, times, digit, tens, ones, partition, facts, calculation, subtract, divisor</p> <p>Multiplication: grid, product, times, grid method, double, multiple, times table</p> <p>Division: remainder, divisor</p>	<p>Shape: polygons, symmetry, triangle, quadrilateral, rectangle, square, kite, rhombus, trapezium, pentagon, hexagon, heptagon, octagon</p> <p>Measure: perimeter, double, width, length, horizontal, vertical, parallel, perpendicular, diagonal, angle, right angle, polygon, degrees, distance, measure, o'clock, half past, quarter past, quarter to, minute, hour, time, am, pm, morning, afternoon, evening, night, midday, midnight, analogue, digital, 24-hour clock, later, earlier, before, length, weight, longer, heavier, smaller, bigger</p>	<p>Fractions: tenths, equivalent, denominator, numerator, equal</p>
----------	--	---	--	---	---
