

# Spring 1: Year 6

## English

In class, we are reading:

With a focus on:

- Use **relative clauses** to add **specificity** and extra information
- Use **alliteration** and **rhetorical questions** for impact
- Develop our use of **punctuation** (including brackets, hyphens and colons)
- Discover the **features** of successful non-chronological reports
- **Write** a non-chronological report based on a given subject.

Children will read I:I with an adult, in small groups and during whole class guided reading sessions. We will continue to read with fluency, expression and intention.

In Guided Reading we will continue to develop our retrieval and inference skills.

## Maths

In Maths, we will learn to:

- Develop our knowledge around **fractions and decimals** with a focus on **multiplying** these.
- Explore the **properties of shape** with a focus on **angles**.
- Continue to deepen our knowledge of the **four operations** and explore **multiples, factors and prime numbers**.

## Science

We will be looking at evolution and inheritance:

- What **inheritance** is and how it works.
- Examples of animal **adaptations**.
- Who **Charles Darwin** and **Alfred Wallace** were and why they are important.
- What is meant by the term **natural selection and evolution**.

## RE

In RE we will explore the topics of:

- **Sources:** exploring the importance and the structure of the Bible; exploring the Old and New Testaments
- **Unity:** developing our knowledge about the Eucharist, the importance of the Our Father and why being united makes us happiest

## Geography

In our topic of '**Hazardous Earth**', we will:

- Learn about the **structure of the Earth**
- Explore **plate boundaries** and the processes which happen at these
- Describe what causes **earthquakes** and their **impact** on our world
- Identify the features of **volcanoes** and their impact
- List ways we can **protect ourselves** against hazards

## PE

This half term, we will have PE sessions from **Northumberland Cricket**. We will learn a range of skills which will enable us to take part in games of cricket – **throwing, catching, batting, fielding**. We will **learn the rules** of cricket and use all of our learning in games.

## Music

Through our Music lessons, we will continue to:

- learn to **sing** a range of songs by a range of artists
- Continue to develop our knowledge of a range of artists in our **Musician of the Week**.

## PSHE

In our PSHE lessons, we will continue to explore the **Zones of Regulation** and what these mean. We will also continue our learning through the use of our **Passport** scheme.

## RSE

In our RSE sessions, we will explore:

- Our **relationship** with others.
- How we have been created **in love and to love** those around us
- How to develop **healthy relationships** and **keep ourselves safe**.

## Art

In our Art topic this half term, we will be focusing on **Drawing**. We will be:

- **Experimenting** with art (having fun drawing in different ways)
- Drawing to show **tone**
- Drawing to show **texture**
- Drawing to show **perspective**
- Learning about a **range of artists** and use their work as inspiration and models for our own drawing.
