

### New Faces

We will spend some time getting to know each other this term and welcoming any new faces to our OSC family. In OSC we are all different but we all stick together.

### Everyone is Welcome

In OSC we like to open our doors to other members of staff. They can call in for a visit and maybe an activity or two. I am really looking forward to having some new faces in OSC and trying new things.

### Getting to Know You.

This will be our main topic this term. We want to spend this entire term getting to know the children. So, we can move forward, plan and structure OSC around their wants, needs and interests.

# Autumn Term

### Online and In School Homework Help

There will now be a more structured time for children who need help with homework or online activities. We can also listen to them read and assist with any spelling, timetables homework they may need.

Reading, writing and maths activities are encouraged all year round in addition to creative and outdoor activities. There will also be daily opportunities for children to be active.

### Events/Celebrations

We will be spending some time looking into any events or celebrations that may be happening over the upcoming months, Halloween, Bonfire Night, Diwali and of course the season of Advent.

### Autumn

Leaves changing colour, air becoming crisp. Everybody loves autumn. We will be exploring our school grounds and the local area for signs of autumn and changes in our surroundings. We might need to have some hot chocolate and smores.
